EXPERIENCE

QA Analyst, NETMARBLE TURKEY Istanbul

12/2014 - 02/2016

Netmarble is Korea's largest game/digital content publisher.

My responsibility was to test our products, which are PC, mobile games, websites and applications, and make sure there are no defects in order to meet the requirements. During my employment I learned how to

- Create and manage test plans,
- Work collaboratively with other teams and organize them,
- Report bugs on bug tracking system,
- Execute different types of tests.

EDUCATION
